

Licences un citēšana

Inguna Skadiņa un Normunds Grūzītis

Licencēšanas ietvars

Visi CLARIN resursi un pakalpojumi tiek piedāvāti saskaņā ar oficiāliem juridiskiem nosacījumiem un noteikumiem, t.sk.:

- vispārīgie pakalpojumu noteikumi, kas nosaka piekļuvi CLARIN un CLARIN-LV resursiem
- lietotāju licences, kas precizē piekļuves nosacījumus katram resursam repozitorijā
- izplatīšanas (deponēšanas) līgumi, ko paraksta resursu iesniedzēji, deponējot resursu CLARIN centrā

Izplatīšanas līgums (licence)

- Kad resursu iesniedzējs vēlas iesniegt jaunu resursu CLARIN repozitorijā, starp noguldītāju un CLARIN centru, kurā resurss tiek deponēts, ir jānoslēdz deponēšanas licences līgums.
- Deponēšanas līgumā noguldītājs norāda arī licenci (-as), ar kuru (-ām) resurss tiks izplatīts galalietotājiem.
- Atkarībā no licences kategorijas, jāpiemēro minimāls piekļuves nosacījumu kopums.
- Centrs un resursu noguldītāji var vienoties arī par papildu vai konkrētākiem nosacījumiem.

Read and accept the [Distribution License Agreement](#)

☐ Click to accept

By checking this box, you agree to the Distribution License Agreement for this repository to reproduce, translate and distribute your submissions worldwide.

If you have questions regarding this licence please contact the [Help Desk](#).

Licenču izvēle deponējot resursu

- Ja tiek augšuplādēts vismaz viens fails, jāatlasa licence, saskaņā ar kuru jūsu resursi jāizplata (dati bez licences nav izmantojami, jo lietotājs nezina, kā to var izmantot).
- Trīs galvenās licenču grupas:
 - **PUB** - PUB valodas resursus var izplatīt publiski. Šo materiālu izplatīšanu neierobežo autortiesību vai personas datu aizsardzības jautājumi.
 - **ACA** - ACA valodas resursiem var piekļūt tikai pētniecības nolūkos. Lietotājam nav jālūdz lietošanas atļauja, viņš var piekļūt resursiem, izmantojot vienoto pieteikšanos.
 - **RES** - RES valodas resursiem ir papildu ierobežojumi, kuriem nepieciešama tiesību īpašnieka atļauja. Šajos resursos var būt materiāls, kura izmantošana ir ierobežota autortiesību un / vai personas datu aizsardzības dēļ.

Licences izvēle: licences atlasītājs

Select the resource license

If you know under which license you want to distribute your work, please select from the list or click the license selector button for help.

[OPEN License Selector](#)

Attribution-NoDerivs 3.0 Unported (CC BY-ND 3.0)

[?](#) For the list of all supported licenses and their details visit **License List Page** .

None of these licenses suits your needs

If you need to use a license we currently do not offer, proceed as follows:

- Obtain a link (or a copy) to the license.
- Send an email to [Help Desk](#) with the license details.
- Save the unfinished submission and wait. We will add the license to the selection list and contact you.
- You will be able to continue the submission afterwards.

Licences izvēle: licences atlasītājs

Creative Commons Attribution (CC-BY)

This is the standard creative commons license that gives others maximum freedom to do what they want with your work.

Creative Commons Attribution-NoDerivs (CC-BY-ND)

The no derivatives creative commons license is straightforward; you can take a work released under this license and re-distribute it but you cannot change it.

Creative Commons Attribution-NonCommercial (CC-BY-NC)

A creative commons license that bans commercial use.

Creative Commons Attribution-NonCommercial-NoDerivs (CC-BY-NC-ND)

The most restrictive creative commons license. This only allows people to download and share your work for no commercial gain and for no other purposes.

Creative Commons Attribution-NonCommercial-ShareAlike (CC-BY-NC-SA)

A creative commons license that bans commercial use and requires you to release any modified works under this license.

Licences līgumu vispārējie nosacījumi

General use conditions

BY	Attribution, i.e. acknowledgement of authorship, is required.
NC	The content is available for non-commercial purposes only.
INF	Informing the rights holder about the use of the resource is required.
LOC	The content is available only at a single location, center, or site.
LRT	The content is available only for language research and technology development.
PRIV	There are personal data in the resource.

<https://www.kielipankki.fi/support/clarin-eula/>

Licences līgumu piekļuves nosacījumi

Identification and Access Conditions

ID	The user needs to be authenticated or identified.
AFFIL	The user needs to be affiliated with some community, e.g. a community of researchers through a university or research institution (x=EDU) or a community of language research and technology researchers more generally (x=META)
PERM	The user can only be given permission to use the resource on a case-by-case basis, such as a mandatory fee or a research plan.
FF	A fee will be charged for getting access to the resource.
PLAN	The right holder requires a research plan for granting access.

<https://www.kielipankki.fi/support/clarin-eula/>

Licences līgumu izplatīšanas nosacījumi

Distribution conditions

NORED The user is not permitted to redistribute the resource.

ND The user is not permitted to distribute derivative works, i.e. works containing copyrighted parts of the original.

DEP The user may distribute derivative works via CLARIN.

SA Derivative works can be redistributed under similar conditions, i.e. the license is reciprocal.

Other conditions

***** There are other non-standard conditions in the license that the user should pay attention to.
